MISSION PROJECT

Do you have toothbrushes that you can't use? Often the dentist gives you a new one after a checkup. If you use an electric toothbrush they lay in your drawers. Can we have them please? We are making personal care kits for the mission projects and could really use them. Also, if you have extra combs, we can use them also. We will put a basket on the round table in the back of the fellowship hall to place them in. THANK YOU IN ADVANCE.

LWR SCHOOL KIT MINISTRY

New Scandinavia WELCA is hosting a drive again this year to gather school supplies for LWR school kits. Following is a list of the items to be included in each kit. Last year we assembled and

sent 76 school kits. With your help, we can send even more this year.

There will soon be containers set out for each specific item. There will also be a container for cash donations if you would money towards the items without shopping.

We will have brunch on Sunday, August 13, 9:30-10:30 a.m. to share time together.

(Please note that we have enough rulers for this year.)

Education is one of the strongest tools a community has for breaking the cycle of poverty. That learning leads to a better life for the individual, their family, and their community.

include the following in each school kit

FOUR 70-sheet notebooks of wide-or college-ruled paper, approximately 8" x10 ½"; no loose-leaf paper.

ONE pencil sharpener

ONE pair of blunt scissors (safety scissors with embedded steel blades work well)

FIVE unsharpened #2 pencils with erasers; secure together with a rubber band.

FIVE black or blue ballpoint pens (no gel ink); Secure together with a rubber band.

ONE box of 16 or 24 crayons

ONE 2 1/2 "eraser

We are still looking for volunteers!

From Bill Reed, Property Manager:

I am looking to create a Luther Park camp beautification team. The main purpose of this team would be to plan and/or purchase, install and maintain flowers and plants to help beautify our grounds.

There could be year-round opportunities to help beautify our grounds such as decorating trees for Christmas, installing lights on buildings or decorating inside buildings for the various holiday seasons as well as any other ideas the team might come up with.

We would like volunteers as soon as possible. Once we have some volunteers, we'll get a group meeting organized. Ideally, we would have leaders who would be responsible for communicating with the team and coordinating projects and supplies, but I'm open to ideas for how to structure the team.
